SOLARTECHNO MODULAR ENERGY STORAGE SYSTEMS

We have an innovative all-in-one, modular, plug-&-play storage system for off grid applications.

The system is installed directly on the back of a solar panel. Check our website or contact us for more information.

LITHIUM BATTERIES and ENERGY STORAGE SYSTEMS

We supply batteries and energy storage systems of brands such as Sharp, LG Chem, BMZ, AlphaESS, Victron Energy and re-assembled battery packs with cells from Mitsubishi Outlander cars. Battery chargers/inverters from ABB, Victron Energy.

INVERTERS

We supply solar inverters of brands such as ABB, Victron Energy, Solar Edge, SMA, Mastervolt. C

SOLAR PANEL MOUNTING SYSTEMS

We supply solar panel mounting systems of brands such as RenuSol, Schletter, K2.

We can design the solar system and calculate in house the system components and the needed ballast

The general terms and conditions apply to the entire pricelist unless otherwise expressly agreed by side letter or written notification.

The general terms and conditions can be found at our website: www.solartechno.com

FOR ANY SPECIFIC QUESTION, PLEASE JUST CONTACT US.
